“Own studio Pros/Cons”

⊕ Cons:

- ⊕ Business administration/accounting
- ⊕ Funding
- ⊕ Usually less money
- ⊕ Publisher/Marketing/PR

⊕ Pros:

- ⊕ Job variation
- ⊕ Schedule your own tasks
- ⊕ Work on the projects you like
- ⊕ Rewards

GDC

“What’s next?”

Our goals for Slick Entertainment:

- ⊕ Self fund our own IP
- ⊕ Stay Small

UBM

Self Evaluation

What do we have experience with?

- ⊕ Building technology
- ⊕ Shipping games

What do we think we can improve at?

- ⊕ Business related tasks
- ⊕ Game design
- ⊕ Marketing & PR

REBOOT
Vancouver Convention Centre

Game Requirements

- ③ Target XBLA
- ③ Focus on execution
- ③ Scalable art
- ③ Fast iteration

GDC
Canada

Art & Programming

- ④ Vertical Slice approach (1 asset of each)
- ④ Goal: Quick Changes (iteration)
 - Game design
 - Art assets
 - Tools
- ④ Polish = iteration (+ focus)
- ④ C# Tools
 - Quick
 - Stable
 - Accessible (even for tech. Artist)
- ④ C++ On console (performance)

Game Developers Conference™ Canada

Vancouver Convention Centre | Vancouver, BC

In-house Engine

④ Goal: Build our own technology

④ Why?:

- Enjoyment (Tech)
- Specialized engine
- Fix priority problems

④ Is this always the right decision for everyone?

GDC

Vancouver Convention Centre | Vancouver, BC

UBM

Old Art Pipeline

- ⊕ Lots of exporting
- ⊕ Not good for iteration
- ⊕ Works ok if you have lots of man-power
- ⊕ More broken assets

Improved Art Pipeline

- ④ De-coupling of data
 - Minimal exporting
 - Realtime iteration (in game editor)
 - The polish-process became fun!
 - Higher quality gameplay and art

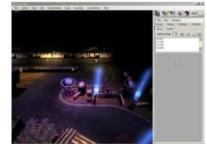

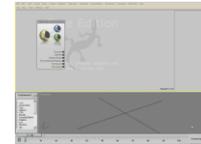

Game Developers Conference™ Canada
May 6-7, 2010
Vancouver Convention Centre | Vancouver, BC

Decoupling Data

1 Deferred Shading

GDC
Canada

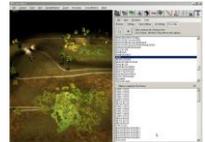

Game Developers Conference™ Canada
May 6-7, 2010
Vancouver Convention Centre | Vancouver, BC

Decoupling Data

Apply same idea to entire pipeline:

- ③ 2. Pathfinding
- ③ 3. Dynamic Objects (physics, particleFX, sounds, etc)
- ③ 4. Car Physics
- ③ 5. Mission Settings (Gameplay)

Vancouver Convention Centre | Vancouver, BC

Conclusion

- ③ Minimal outsourcing
- ③ Vertical slice saved us time
- ③ Realtime feedback increased iteration
- ③ Iteration leads to better polish
- ③ Making our own technology paid off
