Do not confuse me with the lower angels. I have a vital role: to spread the word of God to the people. Stay out of my way.	Do not confuse me with the lower angels. # Going Further With Cards

- Multiple Booster Types

The screenshot shows a game interface for a card pack named "Steadfast". At the top, there are navigation buttons: "Back", "Home", "Next", and "Card Pack". Below the title, a text box describes the pack: "All Steadfast tier packs contain S Rare-Legend cards, plus heaps of items. Buy five to get a Legend card, guaranteed! The first pack's just 7000 RageMedals!". A red circle highlights a button labeled "Included S Rare - Legend Cards" with a right-pointing arrow. Below this, it says "Draws to get event Legend exchange ticket: 5" and shows two character cards. The main pack details are: "9 Rare-Legend Cards", "1 S Rare - Legend Event Card", "120 Ultimate Powders", "10 Cure Waters", and "100 Bazaar Tickets". The pack name "FATE REWOUND" is displayed in large letters, with "TRIPLEFATE CARD PACK" underneath. The price is "7,000" RageMedals, and there is a "Purchase" button. At the bottom, there is a "RageMedals" counter showing 0 and a "Users Who Pulled Great Cards" section. The bottom navigation bar includes icons for "My Page", "Quest", "Battle", "Enhance", "Evolve", and "Menu".
